Ellie Bennett – ABOUT ME

My background has always been working with children and I have been doing children's parties in various places for 3 years . As a passionate singer, designer and all round entertainer I wanted to be able to use my skills and work for myself instead of others. Using my organisational skills, which I had picked up through work and organising various events, I came up with the idea of hosting children's parties and providing a whole solution package for parents. Ellie's Entertainments was born; taking the stress away from parents looking to organise a party for their child. Ellie's Entertainments is quickly being established as the place to go for children's parties, face painting and activity and holiday clubs in Barnsley. We tailor all our parties to you and your child and are never scared to try new things to make your little ones day special.
